Child Care Counts: FIS Provider Registration

MAY 2021

Why register with FIS?

Fidelity National Information Services (FIS), is Wisconsin's Electronic Benefit Transfer (EBT) card vendor.

Child Care Providers who want to receive subsidy funds from the state of Wisconsin must register with FIS to be able to receive those funds.

For providers who do not yet accept subsidy funds but do want to receive funds from the *Child Care Counts* programs, registering with FIS is the fastest, safest, and most secure means of having those funds directly deposited into your bank account.

About this guide

In order to receive funds from DCF as Electronic Funds Transfer, you must do the following as part of your FIS Provider Registration.

This guide contains information to help you with that **first-time set up**, or with **updating** your Fidelity National Information Services (FIS) Provider information.

These instructions are intended for:

- New providers who do not currently receive subsidy funds from the state
- Existing providers whose information on file with FIS is up to date
- Existing providers who receive subsidy funds and need to update their bank account information

FIRST-TIME FIS PROVIDER REGISTRATION

- If you are **not currently set up with FIS**, you will receive a Provider Welcome Letter from DCF, and you are encouraged to begin your registration process right away.
- You will need your FIS Provider ID. This is found in the **Provider Portal header.**
- Include your Tax Identification Number (TIN). Future annual 1099K documents will be sent to you from FIS.
- Submit your checking account number. Payments from Electronic Funds Transfer go directly into your checking account.
- Your **FIS Provider ID** is also available on the New Provider Welcome Letter (see next page).
