Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 23, 2019, the agency received a report regarding a 4-month-old infant brought to the hospital with multiple symptoms. Medical personnel determined the infant's condition was consistent with non-organic failure to thrive. As a result of law enforcement's investigation, the mother and father were charged with Neglecting a Child (Consequence is Great Bodily Harm), Child Abuse – Intentionally Cause Great Bodily Harm, Child Abuse-Intentionally Cause Harm, and Neglecting a Child (Consequence is Bodily Harm). A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personal to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect to the infant and her 1-year-old sister by the mother and father. Medical professionals determined the infant's condition was consistent with non-organic failure to thrive. The infant and her 1-year-old sister were deemed unsafe, taken into Temporary Physical Custody and placed with relatives. The infant and her 1-year-old sister were subsequently moved to a non-relative foster home. Full custody for the infant's 5-year-old half-sister and 5-year-old half-brother was transferred to their biological father. The court established a no-contact order for the infant's mother and father with respect to all minor children, including their children. A Petition for Protection or Services was filed for the infant and her 1-year-old sister, and the case remained open to provide ongoing case management services.
