## Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 20, 2015, the agency received a report regarding an almost three-month-old infant brought to the hospital with a fractured left humerus. Upon further medical review, medical personnel discovered other injuries in various stages of healing. Law enforcement was contacted and initiated a criminal investigation regarding the infant's suspicious injuries. Medical personnel diagnosed the infant with inflicted head trauma and physical abuse. As a result of law enforcement's investigation, the father was arrested and criminally charged with Child Abuse - Intentionally Cause Great Bodily Harm. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

## Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the father. The infant was initially taken into temporary physical custody and placed with his maternal grandparents. The child was later deemed safe with the biological mother and there is no contact allowed between the father and child. A Child in Need of Protection or Services petition was filed and the case remains open to provide ongoing case management services.
