**Date of Incident:** 10/07/2015

## Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On October 7, 2015, the agency received a report regarding a 3 month-old infant who had been admitted to the hospital with injuries suspicious for physical abuse. Medical professionals who examined the infant suspected physical abuse due to the child's presenting symptoms. Law enforcement was contacted and initiated a criminal investigation regarding the infant's suspicious injuries. Medical personnel diagnosed the infant with Physical Abuse-Abusive Trauma. As a result of law enforcement's investigation, the father was arrested and criminally charged with Neglecting a Child (Consequence is Great Bodily Harm). A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

## Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the mother and father. Medical professionals determined the child sustained multiple injuries and diagnosed the infant with Physical Abuse-Abusive Trauma. The agency also substantiated both of the parents for medical neglect of the infant. The infant and her 5-year-old sibling were deemed unsafe, taken into Temporary Physical Custody, and placed in foster care. A Child in Need of Protection or Services petition was filed and the case remained open to provide ongoing case management services.
