**Who can earn a YoungStar rating?** All Wisconsin child care providers who serve children from birth through their school years can participate in YoungStar, as long as they're in good standing with state regulations. In fact, providers that receive a Wisconsin Shares Child Care Subsidy must participate. When they do, they gain access to training opportunities, technical assistance, even micro-grants to fund books and learning materials. In that way, YoungStar doesn't just rate the quality of Wisconsin's child care. It improves it.

YoungStar's parenting resources and child care ratings can help you **raise happy, healthy kids and find a safe place for them to grow.**

YoungStar child care ratings give parents an easy way to weigh their options. We evaluate thousands of Wisconsin child care providers each year, in every corner of the state. Child care programs, preschools, day camps, and after-school programs. Each one receives a quality rating, up to five stars for the highest quality of care, across four key categories:

**The Provider's Education & Training**
