

# Placement History Correction

PAW-TAW

May 2007

# Agenda

- Overview of the Placement Correction Functionality
  - What can and cannot be changed
  - Security
  - Placement Correction History page
  - Placement History page
  - Placement Correction Detail page
- Reports
- Demo of the Placement Correction Functionality

# Placement Correction Functionality

- What can be changed?
  - Incomplete placements
  - Inaccurate placements
  - AFCARS elements
  - Listed as “Edit” hyperlink on the Placement History page
- NOTE: the date of birth must be documented in the child’s Person Management record before a worker can create a Placement Correction record

# Placement Correction Functionality

- What cannot be changed?
  - Open placements
  - Any placement ended within the last 36 days
  - Listed as “Not Modifiable” on the Placement History page

# Placement Correction Functionality

- Examples of data that can be corrected
  - Removal Date
  - Removal from Home Information
  - Placement Begin Date
  - Placement End Date
  - Placement Status
  - Placement Ending Purpose
  - Placement End Reason
  - Discharge Reason
  - Actual provider name for a placement record that was recorded with a Default/Historical provider

# Security

- All workers can view information on the Placement History Correction pages
- Only designated Placement History Correction workers within each county have the security to add or edit information
  - Does not require supervisor's approval
- To obtain the security for Placement History Correction for a worker, the county security delegate should submit an ePASS request

# Placement Correction Functionality

- The three main pages of the Placement History Correction functionality consist of:
  - Placement Correction History page
  - Placement History page
  - Placement Correction Detail page
