

## **New Reports Overview**

### **Agenda**

**November 4, 2011**

#### **New Reports**

##### Placement Activity and Detail Report (SM10A112)

The Placement Activity and Detail Report provides information related to children in out-of-home care (OHC). The report contains information regarding the flow of entries and exits into OHC, including the count of children in OHC at the end of the report period and total children served throughout the reporting period. The report also contains summary and detail information related to each child in OHC including placement settings, relative placements, level of need and demographics.

##### CANS Timeliness Report (SM08D100)

The CANS Timeliness report takes a look forward to CANS that are due, and a look back at the CANS that were completed. The purpose of the report is to assist counties and workers manage their workload related to CANS, as well as assist counties in monitoring their performance specific to the timely completion of CANS

##### Licensing Timeliness Report (PM04A103)

The Licensing Timeliness Report provides information related to licensing decisions and the timeliness of those decisions. Within the data collection is information pertaining to all license application decisions, including initial and renewal license applications due within the reporting period along with those providers with revoked, closed, and/or expired licenses.
