Rationale for Level of Supervision and Location

Describe each parent's / caregiver's diminished protective capacities that impact child safety warranting supervised family interactions.

Plan to Transition Family Interaction

Describe what needs to happen in order to transition the family interaction plan. If supervised, describe what is needed to control impending danger threats in order to transition to unsupervised family interaction. If unsupervised, at what points will family interaction increase in frequency and duration. Be specific.

Description of Parental / Caregiver Responsibilities

Include each parent's / caregiver's responsibilities to: arrange / confirm interactions with the agency worker, plan and prepare activities for the family interaction and assist their child with the transition at the conclusion of the family interaction.

Description of Agency Responsibilities

Include how agency will assure that family interactions will occur on a regular basis.

Transportation

Document how any necessary transportation will take place and who is responsible for the transportation.

Description of Sibling Interaction Plan

When siblings are not seeing each other as part of the family interaction plan, a sibling interaction plan is necessary. Describe how, when and at what frequency sibling interactions will occur.
