**Case Tracking Number:** 130709DSP-Calu-342      **Agency:** Calumet County Department of Health and Human Services

**Child Information** (at time of incident)

Age: 11      Gender:  Female  Male

Race or Ethnicity: White/Caucasian

Special Needs: Aspergers, Anxiety Disorder, ADHD, Trichotillomania, Language Disorder

**Date of Incident:** July 9, 2013

**Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:**

On July 10, 2013 the agency received a report that an 11 year old child was deceased due to drowning. The child and his brother were playing outside, unsupervised. The two boys fell into a pond. The child's brother was able to get out of the pond, but was not able to find the child. The child's brother ran home to get help. 911 was called, however the child was found in the pond, deceased. Negligence in caring for the children was alleged; however no criminal charges have been filed.

**Findings by agency, including maltreatment determination and material circumstances leading to incident:**

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate neglect by the child's mother and her husband to the four children living in their care. The children were determined unsafe due to the physical conditions of the home and the lack of supervision provided by the parents. The oldest son was placed in the home of his biological father and paternal grandparents. The two youngest children were placed in a foster home. A Child in Need of Protection or Services petition was filed with juvenile court and the case was opened for ongoing case management services.
