On July 6, 2015, the agency received a report regarding a 6 month old infant brought to the hospital by ambulance after the infant was found to be non-responsive. Medical professionals who examined the child suspected head trauma due to the child's presenting symptoms. The Medical Examiner's Office noted no signs of maltreatment or trauma to the infant. The official cause of the infant's death was determined to be a pre-existing medical condition. No criminal charges were filed in this case.

The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect of the child by the father.
