Registration Deadline: August 10, 2020

The Governor's Council on Domestic Abuse, Legislative and Policy Committee is pleased to announce that registration is now open for the upcoming training, **Enhancing the Revocation Process in Domestic Violence Cases**. To register for one of the trainings, carefully review the information below and use the following link: +++

Registration Instructions

This training is designed for probation and parole agents, victim witness coordinators, and domestic abuse service providers seeking to improve their community's response to revocation cases where domestic violence is an issue.

Please follow these guidelines when registering:

- Registration preference will be given to multi-disciplinary teams from their community consisting of individuals from DOC, victim witness, and domestic abuse agencies. Other team members may include individuals from Batterers Intervention Programs, local District Attorney's offices, etc.
- Only one participant from each team should complete the registration. That participant will provide the information for all team members. Teams may not exceed 5 people.

Space for the training is limited, so please register as soon as possible.

Completing the online registration does **not** guarantee your place at the training.

Registration confirmation will be sent via email after **August 14, 2020**.

Meals, Lodging and Mileage

Due to limited funding, meals, lodging and mileage will not be provided through this training. Lunch will be on your own, although there will be recommendations on near-by facilities. If a hotel room is needed, please contact the training coordinator and one can be held under the state rate.

Training Overview

This training will provide a brief overview of the dynamics of domestic violence, the revocation process, and the important role victims can have in that process. We will highlight best practices currently in place across Wisconsin. Speakers will include representatives from Wisconsin Department of Corrections, Victim Witness, and domestic violence advocacy groups.

Throughout the training, participants will be given the opportunity to collaborate in their teams to discuss how the information shared can be implemented within their communities to improve the revocation process for victims of domestic violence.

Learning Objectives

As a result of this training, participants will be better able to:

- Work within their community teams to support victims of domestic violence during the revocation process.
- Identify existing best practices to strengthen their community teams working on revocation hearings.
- Develop strategies to integrate best practices into their local community and engage community partners in doing so.
