

Regulatory Agency Approval/Acknowledgement to Operate Child Care Business

Completion of this form meets the requirement as stated in the DCF 202.04(7)(b)2.h, Wisconsin Administrative Code "The county or tribal agency shall request a statement from the appropriate regulating agency indicating that the regulating agency approves a child care business in the applicant's home if the applicant has a separate license or certification to care for children or adults, including foster care or adult care."

Personal Information you provide may be used for secondary purposes {Privacy Law, s. 15.04(1)(m), Wisconsin Statutes}.

Name and Address of Applicant for Child Care Certification:

Type of License and/or Certificate:

The person named on this form has applied for certification of a family child care home and has indicated that they hold another license/certification to care for children or adults. If the certification for a family child care home is issued the person named may care for up to 3 children unrelated to the provider for less than 16 hours per day. In order to make a decision on whether a certification is appropriate, please provide the following information (please continue on the back of the form if more space is needed)

Foster care:

Is the license/certificate limited in any way? No Yes, please explain:

Do the children/adults placed in foster care have identified special needs (i.e. substance abuse issues, disabilities, etc.) that may impact the care of children?

What types of services (i.e. respite care, treatment foster care) are provided?

The agency approves a child care business in the home and gives permission for the applicant to release information necessary for a criminal history records search for residents and clients in the applicant's home. List of concerns and/or recommended restrictions on child care restriction if applicable:

The agency does not approve of a child care business in the home. Please explain:

Child Care Licensure:
