

Using Data to Inform Practice and Enhance Performance

November 4, 2011

Agenda

Welcome and introductions

Current Departmental Initiatives

Counties are already using data to improve performance and we are at the state level also. Current initiatives include County Data Leadership and KidStat.

Managing your workforce

Quick tips to help you use information in eWiSACWIS as a supervision tool.

Understanding your population

Answering discrete questions with data – report selection.

Communication Tool

Ideas for being more proactive in the use of data as a communication tool.

Closing & Questions
