

eWiSACWIS Release 2.9 Pre-Release Summary Scheduled for Release on September 24th 2007

Within this document you will find the release summary of eWiSACWIS (Release 2.9) system changes and enhancements. This summary includes changes that may impact workflow, data entry, procedures and reporting. Some of the changes may have been the result of a policy change while others may have been the result of PEP decisions. Many of the changes are the result of issues reported to the helpdesk by system users. The purpose of this information is to provide users with an overview of the information in a eWiSACWIS Release before it is released. "How Do I" and "Quick Reference" guides should continue to be accessed for more specific usage of the application and/or new functionality.

Note: eWiSACWIS will be unavailable on September 21st 2007 from approximately 5pm to 10pm.

The eWiSACWIS Knowledge Web will continue to host the following information:

- **Online Training**
- **Pre-Release Summaries**
- **Detailed Post-Release notes**
- **Program Activity Workshop/Technical Activity Workshop documentation**
- **Operations Memos**
- **Quick Reference Guides**
- **"How Do I" Guides**

eWiSACWIS Release 2.9 - Incidents and Enhancements

** Indicates a significantly large change to system functionality.

Top 10 Incidents and Enhancements are highlighted.

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
21133**	AFCARS	All	State	<p>The Foster Care AFCARS batch program will no longer skip over detention, voluntary kinship, hospital, youth correctional facility, or adult corrections placements if that placement is part of a qualifying AFCARS episode.</p> <p>If one of the above placements represents all of the placements in an entire episode then the involved child will not be subject to AFCARS reporting.</p>
21835**	AFCARS	All	State	<p>On the Characteristics tab of the Person Management page, the field 'Child has a clinically diagnosed disability' field will be defaulted to blank for all new persons created in the system.</p>
22748	AFCARS	All	State	<p>The AFCARS batch program will only consider out of home placement types and will no longer inaccurately report on in home service types.</p>
22740**	AFCARS	All	Taylor	<p>In determining the AFCARS error for element #5, time spent in detention placement settings will be considered in the due date of next Perm Plan review.</p>

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
22887**	Access	Access	Grant	Enhancement to the Decision tab of the Access Report page. The fields in the 'Worker Recommendation' group box will now always retain the worker information. Prior to this change, if a supervisor changed the type of the report (ex. From CPS to Services Report or vice versa) the worker recommendation information was overwritten with the supervisor's name and decision. With this change we will no longer overwrite the worker recommendation info w/ supervisor information.
23111	Access	Access	Marinette	Three address fields have been updated on the Access Inquiry Search page that previously accepted more characters than the system limit and caused an FAE when saving CPS Reports.
23076	Activity Notes	All	Polk	The 'No rows found' error, which was displayed when attempting to view a system generated provider/case note under the Narrative icon on the outliner, has been corrected.
22958	Activity Notes	Assessment	State	Deselected participants from the Assessment Contact case note participants group box will now be deleted from the Assessment Contact Information box.
23131	Activity Notes	All	State	On a finalized case note only the selected participants will be displayed in the Participants group box.
23153	Activity Notes	Assessment	State	Adds the following data columns to the Initial Assessment Activity Report (SM06a04) at the end of the Detail output file: IA Worker County/Site, IA Worker Name, IA Worker ID The IA Worker would be the one who submitted the IA for approval.

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
22680	Activity Notes	Assessment	Winnebago	The misspelled word 'Courtesy' under CW Assess Contact and CW Contact has been corrected.
22209**	Assessment	Assessment	State	This enhancement will allow workers with appropriate security to enter Assessment Appeal results. Overturning a Substantiated appeal will override the original decision. This enhancement also included changes to the Access Report page, Assessment page, IAPC page, and the IA Secondary page. Please refer to the Access/Assessment/Appeal enhancement web cast for more information.
21902	Assets	All	State	The Asset and Employment pages are no longer editable from the Search page.
20502	CAU Adoption Referral	Adoptions	State	This update prevents the creation/edit of the Individualized Adoptability Report and Adoption Placement/Selection Matching templates from the Search page.
23120**	Case Visual Metaphor	All Supervisors	Waupaca	Supervisors can now close worker assignments directly from the Worker Expando.
22996	Document Plans	Ongoing	Manitowoc	The system will now prevent the creation of a new Case Plan Evaluation until the termination of the existing evaluation is completed.
22811	Document Plans	Ongoing	State	Changed two existing Service/Activity reference values to renamed reference values: "Alternate Care Services" to "Out-of-Home Care Services" and "Developmental Assessment" to "Developmental Assessment/Services." Removed existing Service/Activity reference values to renamed reference values: "Recreational Activities" and "Probation & Parole Services."

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
22874**	Document Plans	Ongoing	State	When changes are made to the format or layout of the Permanency Plan template, the Permanency Plan template user entered information will copy over to newly created permanency plan. This means that user's will no longer have to recreate Perm Plans from scratch.
23209	Eligibility	Eligibility	Dane	When a worker does not have Eligibility security and opens the Eligibility records from Eligibility History page, the corresponding page will open successfully.
23147	Eligibility	Eligibility	Milwaukee	Review Begin Date and End Date will now save on the Redetermination Page.
22726	Eligibility	Eligibility	State	The adoptive parents' names will be prefilled and editable on the following templates for printing purposes: *CFS-75 Adoption Assistance Child, Family and Payment Summary Information *Adoption Acceptance Letter *Adoption Home Study Approval *Adoption Home Study Approval for Specific Child
22892	Eligibility	Eligibility	State	The Eligibility sign off options will now only be available for Maximus staff and for state sign-off workers.
23053**	Eligibility	Eligibility	State	Each initial Determination, Redetermination, Initial Modification, and Redetermination Modification will be associated with its own set of placement records.
23054	Eligibility	Eligibility	State	When the system prompts the worker to answer all questions, the unanswered question(s) will be listed on the validation message.
23104	Eligibility	Eligibility	State	The pop up eligibility status now matches the actual eligibility status on the Initial Modification and Redetermination Modification page.

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
22177	Foster Care/Out of Home Placements	Ongoing	Kenosha	As the result of this change the birthday batch will now set the estimated end date on the newly-created placement to blank. Additionally, the message displayed online when the estimated end date proceeds the begin date is spelled correctly.
22989**	Foster Care/Out of Home Placements	Ongoing	Milwaukee	A Foster Care Rate Setting history displays a correct basic rate specific to the age-group identified.
20047**	Foster Care/Out of Home Placements	Ongoing	State	Removed two fields on the Out of Home Placement page: 'Create IV-E Eligibility Record for Child' and 'Is the child under a court dispositional order and placed outside the home under this order in the last six months.' As the result of this enhancement, data elements have been rearranged on the page. Please note, it is recommended to begin data entry with the Placement Begin Date.
22981	Foster Care/Out of Home Placements	Ongoing	State	The placement page associated with the open placements correctly displays the total monthly amounts regardless of whether the placement is linked to the foster care rate setting or not.
23197	Foster Care/Out of Home Placements	Ongoing	State	The wording of the placement ending value 'Placement w/Relative' was changed to 'Permanent Placement with Relative'. It should be noted that this value results in a discharge for the child.
22427	Gather/Monitor/Request Reimbursement	Financial	State	Adds Region to the Title IV-E Audit Report to facilitate its use as a budgeting tool for BMCW.
22984	Gather/Monitor/Request Reimbursement	Financial	State	Corrects an issue with the Title IV-E claiming batches which were claiming IV-E monies in an AAFC Adoptive Home placement prior to the Adoption Funding Determination being signed-off.

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
22937	Home Provider	Provider	Milwaukee	The system will now set the value of the overpayment amount to \$0.00 if the value has been deleted and then saved.
6575	Home Provider	Provider	State	This update removes Parent 2 on the Maintain Provider page when the Parent 2 is removed or disabled.
10397	Home Provider	Provider	State	This update adds a pop-up when the user is linking a duplicate provider record to another provider record and the duplicate provider record contains open adoption placements (AA In Home Services).
22742	Home Provider	Provider	State	An update to the Home Provider page prevents the system from inadvertently inserting a county ID row when opening the page from the Search page.
22738	ICPC	Ongoing	State	Corrected an issue with the SM1804 - ICPC Placement Request Status report. Denied and Pending requests were showing as zero, even though these request statuses did exist.
22745	Issue/Reconcile Checks	Financial	State	The Check Number Recording page no longer displays a Fatal Application Error.
22227	Legal Consult	Ongoing	Florence	This enhancement provides user editable fields for Section I and Section II to the Court Report template CFS-2117-19.
9787**	Licensing Home Providers	Provider	State	This change updates the automated message when a change in the license status occurs: <Provider Name>'s license status has been updated: New Status: <License Status> Reason for new status: <Reason> This license status change may affect placements with this provider. Please reevaluate the safety of the home as appropriate."

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
22840	Maintain Case	Adoptions	State	The case adoption copy batch will now generate a unique agreement id (ID_AGRM) when the adoption assistance agreement and amendment are copied from the Pre-Adoptive Child case to the Adoptive Home case. This allows these documents to be opened without error.
20005	Maintain Services	Provider	Langlade	The Maintain Service Types page will no longer display a Fatal Application Error when a value of No Data Found displays in a field.
22200	Manage Documents	Ongoing	State	The enhancement changes the CFS-2322 - Screening for Child's Status as Indian template. Updates the revision date to be 12/06, removes the "Name Updated By" Section, and provides some minor wording changes. Also, the checkboxes for question #8 "Is the child adopted?" are enabled.
6607**	Medical	All	Milwaukee	This enhancement modifies the system so a person's medical and mental health information is centrally located for the worker while including new fields that will allow workers to enter a more comprehensive description of a case participant's health concerns. The worker will no longer use the Create>Case Work process but rather will access and supplement the existing person management record with medical mental health information. Please see the web cast presentation for upcoming changes for additional details.
23016	Merge Person	Eligibility	State	When merging Persons who both have Medicaid Eligibility IDs, batch processing has been modified to only retain one Medicaid Eligibility ID from the Retain Person record while bringing over certifications rows associated with the Remove person record.
23035	Mobile Computing	Tablets and Laptops	State	Within eWiSACWIS Anywhere, if a user does not enter the time at which a contact occurred and clicks save, the system will now throw a validation error message prompting the user to enter the date.

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
23041	Mobile Computing	Tablets and Laptops	State	Making an update to a pending case note within eWiSACWIS Anywhere will no longer change/update the Date Entered field.
22959	NCANDS	Reporting	State	A number of fields have been updated on the Statewide CAN Report. New fields have also been added.
23150	Person Management	Reporting	State	This changes the Child turned 18 batch, which was updating adoption funding records when a child aged out of their eligibility, but was not indicating the sign-off was completed.
23157	Person Management	Reporting	State	Corrects the logic of the Child Turned 18 batch to properly handle situations where children's eligibility past age 18 has their placement end, but then returns to care (without a break). The batch was incorrectly ending the Federal eligibility as of the ending of the first placement. It will now leave the Adoption Funding status as open when appropriate.
22754	Private Provider	Provider	Dane	This change prevents an application error when a worker without private provider security is attempting to update a private provider through the Maintain Provider reference value.
21936	Process Payments Requests	Financial	Milwaukee	As the result of the enhancement, the Payment Request Description field for a payment was increased to allow up to 1000 characters.
22860	Process Payments Requests	Financial	Monroe	As the result of the change, the system correctly processes the clothing request created for the period following a 120-day gap in placements.
22968	Special Needs	Ongoing	State	The system prevents creation of Placement from the Unmet Needs page when the page is accessed via Search.
22764	System Management	Reporting	State	The system now provides additional field length for the r-cm22a02 report output fields.
23106	Ticklers	Ongoing	Marquette	The Family Assessment & Case Plan tickler displays correctly based on the safety decision.

Incident #	Topic Area	Affected Program Area(s)	Reporting Entity	Release Notes
23026	Trust Accounts	Financial	State	As the result of the change, the Personal Needs benefit type is no longer available from the Type drop-down field of the Maintain Benefit Record page. However, the Type field on the Ledger tab allows users to select this value for filtering purposes.
23112	Trust Accounts	Financial	State	An updated sort on the Non-WiSACWIS Benefits View page prevents the same reference ID records from being displayed multiple times.
23138	Trust Accounts	Financial	State	The report batch now completes successfully.
23254	Trust Accounts	Financial	State	As the result of the change, the View hyperlink for the Ledger tab of the Trust Account page is processed correctly even when special characters exist in the Ledger Description field.
23196	Worker Assignment	Supervisor	Milwaukee	The error message "The current row being updated by another user" will no longer display when making reassignments.
