Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:
On September 10, 2025, the agency received a report regarding a 3-year-old child brought to the hospital with a serious injury. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injury was non-accidental in nature. As a result of law enforcement's investigation, the child's mother was criminally charged with Leave/Store Loaded Firearm Near Child. A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:
The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate neglect of the child by the mother and step-father. The child and his siblings were deemed unsafe, taken into Temporary Physical Custody, and placed with relatives. Petitions for Protection or Services were filed, and the case remained open to provide ongoing case management services.
