Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On April 29, 2026, the agency received a report regarding a 2-year-old child pronounced deceased in her home. Law enforcement was contacted and initiated a criminal investigation. The Medical Examiner's Office determined the child sustained a serious injury. As a result of law enforcement's investigation, the child's grandmother's significant other was criminally charged with Neglecting a Child (Consequence is Death). A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect of the child by the grandmother's significant other. The agency determined the other children safe, and they remained with their mother. The agency closed the case upon completion of the Initial Assessment, and no service referrals were made.
