Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On May 18, 2026, the agency received a report regarding a 1-year-old infant brought to the hospital with multiple injuries. The infant was later pronounced deceased on May 27, 2026. Law enforcement was contacted and initiated a criminal investigation. The Medical Examiner's Office determined the infant's death was non-accidental in nature; the autopsy report is pending. As a result of law enforcement's investigation, the mother's significant other was criminally charged with 1st Degree Reckless Homicide. A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse of the infant by the mother's significant other. The agency determined the infant's half-sibling and the mother's significant other's child unsafe and initiated a Protective Plan. Subsequently, the mother was assessed as protective, and the infant's half-sibling remained with the mother. The mother of the significant other's child was assessed as protective, and that child remained in her care. The family was referred to community services, and the agency closed the case upon completion of the Initial Assessment.
