

User Migration WWP – Internal Wisconsin Employee Users

Summary

The following instructions are for State of Wisconsin Employee users. Users will use the “Wisconsin Employee ID” button on WWP page.

Internal User Migration Alerts

WWP will decommission the WAMS login on 10/30/2026. All users must migrate to MyWisconsin ID by that date. In order to implement this, there will be separate buttons on WWP Login screen for both internal and external users. Internal users should click on “Wisconsin Employee ID” button.

Beginning 8/28/2026 the following message will display on the WWP login screen.

“WWP is decommissioning the WAMS Login on 10/30/2026. Migrate to MyWisconsin ID/Wisconsin Employee ID Login if you haven’t already.”

The image is a screenshot of the WWP (Wisconsin Workforce Portal) login interface. At the top left, there is a logo featuring a yellow outline of the state of Wisconsin next to the letters 'WWP'. Below the logo, a light blue rectangular box with a red border contains the following text: "WWP is decommissioning the WAMS Login on 10/30/2026. Underneath the buttons are two input fields: "WAMS Username" (with a person icon) and "WAMS Password" (with a key icon). To the right of these fields is a blue "Login" button. At the bottom of the screen, there is a grey box containing a disclaimer: "You are about to access a State of Wisconsin computer system.
