Child Information (at time of incident)

Age: 4 months Gender: Female Male

Race or Ethnicity: Caucasian

Special Needs: None

Date of Incident: 7/7/12

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On 7/9/12, the agency received a report regarding the death of a 4-month-old child two days prior. On the day of the child's death, the father found the child non-responsive in his Pack N Play at approximately 12:15 pm. The parents reported they had been sleeping in an adjacent room to the child. An ambulance was called to the home and the child was transported to a local hospital, where he was pronounced dead. Law enforcement was contacted to investigate the child's death. The cause of death was determined to be suffocation. The Pack N Play where the child was placed to sleep contained several items including blankets and adult size pillows. Criminal charges for obstruction have been referred to the District Attorney's Office for both parents.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency screened in and assessed allegations of neglect to the child, as well as allegations of neglect to the child's 2-year-old half-brother. At the time the agency received the report regarding the child's death, a report was also received regarding the 2-year-old being found wandering outside by police at approximately 1:30 AM. The agency substantiated neglect to the child. The agency determined that the parents continuously put the child to sleep with blankets and pillows and would prop the child's bottle for feeding. Law enforcement determined that on the day of the child's death, there was an approximate nine hour timeframe where no one checked on the child. The parents also admitted to using marijuana during this timeframe. The agency referred the case to juvenile court requesting a Child in Need of Protection or Services petition be filed on behalf of the 2-year-old; however, the mother moved to another county and the District Attorney's Office did not file the petition. A referral was sent to the county where the mother currently resides with the 2-year-old.
