Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On May 12, 2014, the agency received a report regarding a one-year-old child brought to the hospital with head injuries. Medical professionals who examined the child suspected head trauma due to the child's presenting symptoms, so the child was transported to another hospital. Law enforcement was contacted and initiated a criminal investigation regarding the child's suspicious injuries.

Medical personnel diagnosed the infant with Physical Abuse-Abusive Head Trauma. The mother's boyfriend was charged with Child Abuse-Recklessly Cause Harm. The mother's boyfriend was found guilty of Child Abuse-Recklessly Cause Harm.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the child by the mother's boyfriend. Medical professionals determined the child sustained head injuries and diagnosed the child with Abusive Head Trauma. The child and her six-year-old sibling continued to remain in the mother's care after she was assessed as protective.
