Child Information (at time of incident)

Age: 7 Months Gender: Female Male

American Indian/Alaskan Native, Native

Race or Ethnicity: American

Special Needs: None

Date of Incident: 01/17/2015

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On January 17, 2015, the agency received a report regarding a 7 month old infant who was found not breathing and was brought to the hospital by ambulance. Medical professionals who examined the child suspected head trauma due to the infant's presenting symptoms and diagnosed the child with abusive head trauma. Law enforcement initiated a criminal investigation regarding the infant's suspicious injuries. No criminal charges have been filed in this case.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of evidence to substantiate maltreatment of physical abuse to the infant by the infant's father. The infant was deemed unsafe and taken into Temporary Physical Custody. Upon discharge from the hospital, the infant was placed in out-of-home care in a relative placement, where the mother and infant's siblings also later resided. A Child in Need of Protection and Services petition was filed for the infant and the case remained open to provide ongoing case management services.
