Race or Ethnicity: African American/Black

Special Needs: Medically fragile

Date of Incident: 6/15/2017

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On June 15, 2017, the agency received a report regarding a 7-year-old medically fragile child pronounced deceased in his relative out-of-home care provider's home. Law enforcement was contacted and initiated a criminal investigation into the child's unexplained death. The Medical Examiner's Office noted no signs of maltreatment or trauma to the child. No criminal charges were filed and the case was closed.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect of the child by the mother and grandmother. The Medical Examiner's Office noted no signs of maltreatment or trauma to the child and determined that the death was the result of natural causes. The child's 13-year-old uncle who resided in the home was deemed safe and remained in the home with his parents, the 7-year-old child's grandparents. The agency closed the case upon completion of the Initial Assessment and no service referrals were made.
