**Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:**

On May 6, 2020, the agency received a report regarding an infant brought to the hospital unresponsive; the infant was resuscitated and admitted to the hospital for further monitoring. Subsequently, the infant passed away on June 5, 2020. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the infant's injuries were undetermined for child abuse. No criminal charges have been filed in this case, and the investigation remains open.

**Findings by agency, including maltreatment determination and material circumstances leading to incident:**

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate neglect of the infant and the infant's 16-month-old sibling by the mother; the agency found insufficient evidence to substantiate the maltreatment of physical abuse to the infant by an unknown maltreater. Medical professionals determined the infant's injuries were undetermined for child abuse. The agency determined the infant and the infant's sibling were unsafe and they were taken into Temporary Physical Custody. The infant remained in the hospital and the infant's sibling was placed with a relative. A Petition for Protection or Services was filed, and the case remained open to provide ongoing case management services.
