Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On November 12, 2020, the agency received a report regarding a 1-year-old infant found non-responsive in the home with multiple injuries. The infant was pronounced deceased at the hospital. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injuries were non-accidental in nature; the Medical Examiner's report and toxicology results are pending. No criminal charges have been filed in this case, and the investigation remains open.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate physical abuse to the 1-year-old infant by an unknown maltreater, and found a preponderance of the evidence to substantiate maltreatment of neglect to the 1-year-old infant and his 3-year-old and 4-year-old siblings by the mother and the father. The child's siblings were deemed unsafe, taken into Temporary Physical Custody, and placed in a non-relative foster home. Petitions for Protection or Services were filed, and the case remains open to provide ongoing case management services.
