Case Tracking Number: 120706DSP-Milw-218 Agency: Bureau of Milwaukee Child Welfare

Child Information (at time of incident)

Age: 6 years Gender: Female Male

Race or Ethnicity: Asian

Special Needs: None

Date of Incident: 7/6/12

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On 7/10/12, the agency received a report regarding a 6-year-old child who was found deceased in the family's swimming pool on 7/6/12. Both parents were inside the home at the time of the incident. The father reportedly asked his 16-year-old daughter to supervise the 6-year-old. The parents were unaware that the 16-year-old did not remain outside to supervise the 6-year-old while he was in the pool. A short time later, the father found the 6-year-old face down in the pool. Law enforcement ruled the drowning as accidental and no charges will be filed in this case.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency screened in and assessed the allegation of neglect to the 6-year-old. Neglect was substantiated to the child. The agency determined the parents failed to ensure the child was properly supervised while swimming, which resulted in his death. The father expected the 16-year-old would provide adequate supervision but his expectations were not clearly communicated to her and as a result, there was a lapse in supervision to the 6-year-old. The case was already open for in-home services with the agency at the time of the child's death. The case remains open and the family continues to receive Intensive In-Home Services to address supervision issues.
