Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On February 6, 2013, the agency received a report of a 4-month-old infant presenting at the hospital with a head injury. The infant was at the home of a substitute caregiver when he began vomiting. The substitute caregiver contacted the parents who then transported the infant to the hospital. A CT scan revealed non-accidental abusive head trauma. Law enforcement was contacted to investigate the cause of the injuries. The substitute caregiver was criminally charged with one count of Child Abuse-Recklessly Cause Great Harm. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency screened in and assessed the allegation of physical abuse. The Initial Assessment resulted in substantiation of physical abuse to the infant by the substitute caregiver. The infant and his 10-year-old brothers were determined safe in the care of the parents. The family was connected with community services and the agency closed the case.
