Age: 8 months old Gender: Female Male

Race or Ethnicity: African American

Special Needs: None known

Date of Incident: April 9, 2013

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On April 9, 2013, the agency received a report regarding an eight-month-old infant admitted to the hospital with a depressed skull fracture. The mother stated the injury was a result of the infant falling off an adult bed. Medical professionals stated the infant's head injury did not match the mother's explanation and the injury is indicative of physical abuse. The mother was arrested and taken into police custody, but released after 48 hours due to lack of evidence. The child was taken into temporary physical custody and placed in out-of-home care.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The allegation of physical abuse to the infant by the mother was substantiated. The infant received a severe head injury while solely in his mother's care and the mother's explanation did not fit the injury. The eight-month-old was taken into temporary physical custody and placed in out-of-home care. The case remains open and the family is receiving ongoing case management services.
