Date of Incident: January 20, 2014

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On January 23, 2014, the Columbia County Department of Health and Human Services received a report regarding sexual exploitation to a five-year-old child. The report indicated that the child's foster father made a videotape of the child's sexualized behaviors. Law enforcement was contacted to initiate an investigation into the allegations. A videotape recording was obtained, which showed the foster father engaging in sexually exploitive behaviors towards the child. As a result of law enforcement's criminal investigation, the foster father was charged with one count of felony Sexual Exploitation of a Child. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with the Dodge County Human Services & Health Department, law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agencies found a preponderance of the evidence to substantiate the maltreatment of sexual exploitation to the child by the foster father. The child was determined unsafe and removed from the foster home and then placed in a relative's home. Due to this incident, the agency took immediate action and the foster parents are no longer fit and qualified for licensure.
