Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 18, 2015, the agency received a report regarding a 7-month old infant who had been pronounced dead in transit to the emergency room. Cause of death was determined to be massive head trauma from a car accident in which the driver was intoxicated. Law enforcement was contacted and initiated a criminal investigation regarding the infant's suspicious injuries. As a result of law enforcement's investigation, the mother was arrested, criminally charged, and convicted with a Felony count of Homicide by Intoxicated Use of a Vehicle.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of evidence to substantiate neglect of the infant by the mother. Medical professionals determined the infant sustained massive head trauma as a result of the car accident and died from his injuries. The infant's two year old sister was not in the vehicle at the time of the incident, was deemed to be safe, and remains in the care of her maternal grandmother during her mother's incarceration. The agency closed the case at the conclusion of the initial assessment and no further service referrals were made.
