**Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:**

On April 17, 2015, the agency received a report regarding a four-year-old child brought to the hospital with a head injury and was later pronounced deceased. Law enforcement was contacted and initiated a criminal investigation regarding the child's suspicious injuries. Medical personnel diagnosed the child with severe brain injury consistent with abuse. As a result of law enforcement's investigation, the legal guardian's boyfriend was arrested initially on a felony warrant for Physical Abuse of a Child; however, the child later died and the legal guardian's boyfriend is being charged with Second Degree Reckless Homicide. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

**Findings by agency, including maltreatment determination and material circumstances leading to incident:**

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the child by his guardian's live-in boyfriend. The child was initially taken into Temporary Physical Custody. The surviving children were later deemed safe with their biological mother, the legal guardian's boyfriend was ordered to have no contact with children. The family was offered services and the case was closed.
