Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On July 22, 2015, the agency received a report regarding a 16-year-old youth pronounced deceased in a public park. Law Enforcement was contacted and initiated a criminal investigation into the youth's death. The child's death was determined a homicide; however, no criminal charges have been filed in this case since the youth's father who was the alleged perpetrator died of self-inflicted wounds.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the youth by the father. Medical professionals determined the child sustained fatal head and neck injuries. Evidence at the scene indicated that the father had inflicted such injuries to the youth. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect to the 6-year-old sibling by the father. The agency determined the youth's 6-year-old sibling to be safe and the child remained with the mother. The family was referred to community mental health services and the agency closed the case.
