On August 26, 2015, the agency received a report regarding a 1-year-old child brought to the hospital with head and spine injuries. Medical professionals who examined the child suspected head trauma due to the child's presenting symptoms. Law enforcement was contacted and initiated a criminal investigation regarding the child's suspicious injuries. Medical personnel diagnosed the child with Physical Abuse-Abusive Head Trauma.

As a result of law enforcement's investigation, the maternal aunt was arrested, criminally charged, and convicted of Child Abuse-Intentionally Cause Great Bodily Harm.

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse and neglect to the child by the maternal aunt. Medical professionals determined the child sustained head injuries and diagnosed the child with Abusive Head Trauma. The Initial Assessment completed by the agency also found a preponderance of the evidence to substantiate maltreatment of neglect to the child by the mother.

The child was deemed unsafe and taken into Temporary Physical Custody. Upon discharge from the hospital, the child was placed in out-of-home care with a relative. A Child in Need of Protection or Services petition was filed and the case remained open to provide ongoing case management services.
