Case Tracking Number: 160210DSP-MILW-603 **Agency:** Division of Milwaukee Child Protective Services

Child Information (at time of incident)

Age: 14 Years Gender: Female Male

Race or Ethnicity: Black/African American

Special Needs: None

Date of Incident: 02/10/2016

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On February 15, 2016, the agency received a report regarding a 14-year-old child who had been admitted to the hospital due to vomiting and extreme pain. Medical personnel diagnosed the child with peritonitis (fluid in the abdomen) and a ruptured appendix that occurred prior to the hospital admission. The agency contacted law enforcement regarding the child's serious medical condition.

No criminal charges have been filed in this case.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect to the child. Upon discharge from the hospital, the child was returned to his prior out-of-home placement setting. The agency completed the initial assessment and the child remained open for ongoing case management services with the county child welfare agency providing case management services at the time of the incident.
