Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On July 28, 2016, the agency received a report regarding an infant brought to the hospital with head injuries. Medical professionals who examined the child suspected head trauma due to the child's presenting symptoms, so the child was transported to another hospital. Law enforcement was contacted and initiated a criminal investigation regarding the child's suspicious injuries. Medical personnel determined the injuries to be highly indicative of Abusive Head Trauma. As a result of law enforcement's investigation, the father was arrested and criminally charged with one count of Felony Child Abuse-Recklessly Cause Great Harm. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the infant's father. Medical professionals determined injuries to be highly indicative of Abusive Head Trauma. The infant's father was criminally charged and court ordered to have no contact with the infant or the infant's siblings. The agency determined the infant and his siblings to be safe with the infant's mother and they remained in the home with their mother. The family was referred to community childcare providers and the agency closed the case upon completion of the Initial Assessment.
