Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On November 8, 2016, the agency received a report regarding a 2 week-old infant with head injuries. Medical professionals who examined the child suspected head trauma due to the child's presenting symptoms, so the child was transported to another hospital. Law enforcement was contacted and initiated a criminal investigation regarding the child's suspicious injuries. Medical personnel indicated the injuries were suspicious for maltreatment; however, accidental means could not be ruled out.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect and physical abuse of the infant by his mother. The infant and his sibling were deemed unsafe, taken into Temporary Physical Custody, and placed with relatives. A Child in Need of Protection or Services petition was filed and the case remained open to provide ongoing case management services.
