Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On April 14, 2017, the agency received a report regarding an infant brought to the hospital who was not breathing and with injuries. The infant was transported to another hospital where he was later pronounced deceased. Law enforcement was contacted and initiated a criminal investigation into the infant's death. Medical professionals diagnosed the infant with Abusive Head Trauma. The Medical Examiner's Office determined the death the result of blunt force trauma to the head. As a result of law enforcement's investigation, the stepmother was arrested and criminally charged with Second Degree Reckless Homicide. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the stepmother and neglect to the infant by the father. Medical professionals diagnosed the infant with Abusive Head Trauma. The Medical Examiner's Office determined the death was a result of blunt force trauma to the head. The infant's one-year-old sibling and the stepmother's seven-year-old son were deemed unsafe and taken into Temporary Physical Custody and placed in foster care. A Child in Need of Protection or Services Petition was filed for both children and the case remained open to provide ongoing case management services.
