Reports submitted to the Division of Safety and Permanence (DSP) that do not include all of the required information will be returned to the agency for proper completion. Do not identify individuals by name when completing this report. Individuals may be referenced by relationship or position; e.g., mother, father, child, sibling, physician, detective, etc.

Case Tracking Number: 170604-DSP-MILW-733 **Agency:** Division of Milwaukee Child Protective Services

Child Information (at time of incident)

Age: 3 years Gender: Female Male

Race or Ethnicity: Black/African American

Special Needs: None

Date of Incident: June 4, 2017

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On June 4, 2017, the agency received a report regarding a 3-year-old child pronounced deceased in his relative's home. Law enforcement was contacted and initiated a criminal investigation into the infant's unexplained death. The Medical Examiner's Office noted no signs of maltreatment or trauma to the child; toxicology results confirmed the presence of methadone in the child's system. As a result of law enforcement's investigation, a relative caregiver was arrested. No criminal charges have been filed in this case, and the investigation remains open.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect to the child by an unknown maltreater. Medical professionals determined that the child had ingested methadone. The child was residing with a relative caregiver and her two 8-year-old children at the time of the child's death. Both 8-year-old children in this home were deemed unsafe, taken into Temporary Physical Custody and placed in a non-relative foster home. A Child in Need of Protection or Services Petition was filed and the case remained open to provide ongoing case management services.
