Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On September 17, 2017, the agency received a report regarding an infant brought to the hospital on September 16, 2017 with head injuries sustained on September 15, 2017. Medical professionals who examined the infant suspected head trauma due to the infant's presenting symptoms. Law enforcement was contacted and initiated a criminal investigation. Medical personnel determined the injuries were consistent with non-accidental head trauma. As a result of law enforcement's investigation, the alleged father was arrested and criminally charged with Child Abuse-Recklessly Cause Great Harm and Neglecting a Child. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the alleged father. Medical professionals determined the infant sustained injuries consistent with non-accidental head trauma. The infant was deemed unsafe, taken into Temporary Physical Custody, and placed with a relative. On October 9, 2017 the infant was returned to the mother's care after she was assessed as protective. The alleged father was criminally charged and court ordered to have no contact with the infant. A Child in Need of Protection or Services Petition was filed and the case remained open to provide ongoing case management services.
