--------------------------	------------

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On September 15, 2018, the agency received a report regarding a 2-month-old infant brought to the hospital with head injuries. Medical personnel determined the injuries were consistent with non-accidental head trauma. Law enforcement was contacted and initiated a criminal investigation. As a result of law enforcement's investigation, the father was arrested and criminally charged with Physical Abuse to a Child. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the father. Medical professionals determined the infant sustained injuries consistent with non-accidental head trauma. The father was criminally charged and court ordered to have no contact with the infant and the infant's siblings. The infant and the infant's siblings were deemed unsafe and taken into Temporary Physical Custody. The infant and the infant's siblings were placed in the mother's care after she was assessed as protective. A Child in Need of Protection or Services Petition was filed for the infant, the infant's 8-year-old half-brother, 5-year-old half-brother, 2-year-old brother and 2-month-old sister. The infant's 6 year-old half-sister remained on a Child in Need of Protection or Services Order with another agency. The case remained open to provide ongoing case management services.
