Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On December 19, 2019, the agency received a report regarding a 1-month-old infant pronounced deceased in his home. Law enforcement was contacted and initiated a criminal investigation. The Medical Examiner’s Office determined the death was due to an unsafe sleep environment. No criminal charges were filed, and the case was closed.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect of the infant by the mother and father. The Medical Examiner’s Office noted no signs of trauma to the infant. The agency determined the infant’s 2-year-old sibling to be unsafe and the infant’s 3-year-old sibling and 5-year-old sibling to be safe. The agency implemented an in-home safety plan and the children remained in their home. The agency opened the case for voluntary in-home services.
