Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On October 9, 2020, the agency received a report regarding an 11-month-old infant brought to the hospital with multiple injuries, which were observed on October 8, 2020. On October 11, 2020, the infant was pronounced deceased. Medical professionals determined the injuries were non-accidental in nature. Law enforcement was contacted and initiated a criminal investigation. No criminal charges have been filed in this case, and the investigation remains open.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of evidence to substantiate maltreatment of physical abuse to the infant by an unknown maltreater. Medical professionals determined the injuries were non-accidental in nature. The agency deemed the relative children in the home unsafe and initiated a Protective Plan. Subsequently, the relative adults in the home were assessed as protective and the children remained in the home. The agency closed the case upon completion of the Initial Assessment and no service referrals were made.
