Age: 11 years Gender: Female Male

Race or Ethnicity: White/Caucasian

Special Needs: None

Date of Incident: 9/28/21

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On September 29, 2021, the department received a report of an 11-year-old child who was pronounced deceased at the hospital on September 28, 2021. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the child died as a result of a serious injury. As a result of law enforcement's investigation, an individual was referred for charges. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect of the child by the mother and a preponderance of the evidence to substantiate physical abuse of the child by an unnamed maltreater. Medical professionals determined the child died as a result of a serious injury. The agency determined the child's sibling safe, and they remained with their mother. The agency closed the CPS case upon completion of the Initial Assessment.
