**Date of Incident:** 02/25/22

**Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:**

On February 25, 2022, the agency received a report regarding a 4-month-old infant brought to the hospital with head injuries. The infant was pronounced deceased on March 1, 2022. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injuries were consistent with non-accidental head trauma; the autopsy report is pending. As a result of law enforcement's investigation, the license-exempt child care provider was criminally charged with Neglecting a Child (Consequence is Death). A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

**Findings by agency, including maltreatment determination and material circumstances leading to incident:**

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect and physical abuse of the infant by the license-exempt child care provider. Medical professionals determined the injuries were consistent with non-accidental head trauma; the autopsy report is pending. The infant's sibling was deemed safe, and they remained with the mother and father. The family was referred to community services, and the agency closed the case upon completion of the Initial Assessment.
