Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On August 28, 2022, the agency received a report regarding a 2-year-old child who had been transported to the hospital with head injuries on August 27, 2022. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injuries were consistent with non-accidental head trauma. As a result of law enforcement's investigation, the mother's significant other was criminally charged with Physical Abuse of a Child, Repeated Acts Causing Great Bodily Harm and Neglecting a Child (Consequence is Great Bodily Harm). A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the child by the mother's significant other and insufficient evidence to substantiate physical abuse of the child by his mother. Medical professionals determined the injuries were consistent with non-accidental head trauma. The child and his siblings were deemed unsafe, and the agency initiated a Protective Plan. Subsequently, the Protective Plan was terminated, and the child and his siblings were taken into Temporary Physical Custody. The child and his 4-year-old sibling were placed with their father, and the child's 7-year-old half-sibling was placed with her father. The mother's significant other was criminally charged and court-ordered to have no contact with the child and the child's siblings. Petitions for Protection or Services were filed, and the case remained open to provide ongoing case management services.
