Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On November 7, 2022, the agency received a report regarding a 1-year-old infant brought to the hospital with multiple injuries. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injuries were non-accidental in nature. No criminal charges were filed, and the case was closed.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found sufficient evidence to substantiate maltreatment of physical abuse and sexual abuse to the infant by an unknown maltreater. The agency also found sufficient evidence to substantiate maltreatment of neglect of the infant by the mother and the father. The infant and her siblings were deemed unsafe, taken into Temporary Physical Custody, and placed in a non-relative foster home. Subsequently, the infant and her siblings were placed with a relative.
