Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On February 13, 2023, the agency received a report regarding a 2-year-old child brought to the hospital with multiple injuries. Medical professionals determined the injuries were non-accidental in nature. Law enforcement was contacted and initiated a criminal investigation. No criminal charges have been filed in this case, and the investigation remains open.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the 2-year-old by an unknown maltreater and insufficient evidence to substantiate maltreatment of physical abuse to the 2-year-old by the father. Medical professionals determined the injuries were non-accidental in nature. The agency determined the child safe, and the child remained with the mother. The child's half-sibling and the other children in the home were deemed safe, and they stayed with the father and the father's significant other.
