**Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:**

On May 25, 2023, the agency received a report regarding a 4-year-old child brought to the hospital with head injuries. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injuries were consistent with non-accidental head trauma. No criminal charges have been filed in this case, and the investigation remains open.

**Findings by agency, including maltreatment determination and material circumstances leading to incident:**

The agency collaborated with law enforcement and medical professionals to complete the assessment. Medical professionals determined the injuries were consistent with non-accidental head trauma. The Initial Assessment completed by the agency found a preponderance of evidence to substantiate maltreatment of physical abuse to the child by the mother's significant other. The agency deemed the child and the child's half-siblings unsafe and initiated a Protective Plan. Subsequently, the child and the child's half-siblings were taken into Temporary Physical Custody. The child was placed with his father and the child's half-siblings were placed with an unlicensed relative. Petitions for Protection or Services were filed, and the case remained open to provide ongoing case management services.
