Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 14, 2024, the agency received a report regarding an 8-year-old child pronounced deceased in her home on March 9, 2024. Law enforcement was contacted and initiated a criminal investigation. The Medical Examiner's Office determined the death was non-accidental. As a result of law enforcement's investigation, the child's adult sibling was criminally charged with First Degree Intentional Homicide and Hiding a Corpse. A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse of the child by the child's sibling. Medical professionals determined the child sustained injuries consistent with non-accidental trauma. The agency closed the case upon completion of the Initial Assessment, and no service referrals were made.
