Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On December 26, 2024, the agency received a report regarding a 5-month-old infant brought to the hospital with multiple injuries. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the injuries were consistent with non-accidental head trauma. As a result of law enforcement's investigation, the child's mother was charged with Child Abuse-Intentionally Cause Great Bodily Harm and Neglecting a Child. A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. Medical professionals determined the injuries were consistent with non-accidental head trauma. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse to the infant by the mother. The agency deemed the infant and the infant's siblings unsafe and initiated a Protective Plan. Subsequently the infant and the infant's siblings were taken into Temporary Physical Custody and placed with a relative. The infant was placed in a non-relative foster home, and the infant's siblings were placed with a relative. Petitions for Protection or Services were filed, and the case remained open to provide ongoing case management services.
