Re: 2015 Provider Performance Dashboard

PURPOSE

This memo is to serve as notification that updated versions of the Department's Performance Based Measures (PBM) dashboards have been published.

BACKGROUND

2009 Act 28, the 2009-11 state biennial budget bill, instructed the Department, in cooperation with the Rate Regulation Advisory Committee, to create and implement a performance based contracting system. The Department is required to identify measurements by which to evaluate the performance of providers in meeting both the goals for the children placed in their care and the goals for the out-of-home care system in the state. The measures focus on achieving favorable outcomes for children in out-of-home care, and also include Child and Adolescent Needs and Strengths (CANS) data by provider.

INFORMATION SUMMARY

The Department publishes a separate dashboard for each rate regulated provider type (Child Placing Agencies, Group Homes, and Residential Care Centers). Each dashboard can be found at the following link: <https://dcf.wisconsin.gov/pbm>. The updated dashboards contain information from calendar year 2015.
